

# Tunable Creek Public School

Respect - Integrity - Participation

Tunable Creek Road The Channon

ph: 66886212

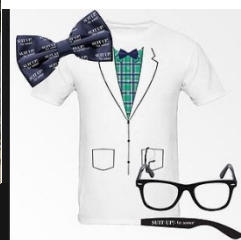

Wednesday 1<sup>st</sup> June 2016

Hi everyone,

First of June and the seasonal change to Winter. Please ensure any jumpers, scarfs or gloves have names on them.

**SUIT UP FOR SCIENCE** is on this Friday, 3<sup>rd</sup> of June. Students can dress up as a scientist for the day as we have a fun day around Science. This is also a fundraising event for Science Research. A gold coin donation ( or more) would be great to help support medical research.

**SUIT UP! - for science!** supports life saving medical research. Australia is home to some of the best and brightest scientific minds in the world. We're suiting up like scientists to support their life saving work. All funds raised go towards supporting the Centenary Institute Medical Research Foundation.

Last week we harvested our sweet potato/potato area – and we extracted quite a few! If you would like to buy a few- \$1 for a large potato or 3 for \$1 for the smaller ones- please drop in. There are just a few too many to cook with!

On Monday, we began our Reconciliation Week unit of work. We looked into the timeline of Aboriginal history and what reconciliation really means. The Yolngu people arranged stones to tell future generations about their experiences trading with the Macassan people. Students created stories using natural materials to share verbally and started a hand painting. Other activities this week will include – learning about Eddie Mabo; understanding how we recognition of others is important and what we can do to show recognition throughout the year to Aboriginal and Torres Strait Islander people.
