

Hi everyone,

I trust that you had a relaxing Easter and are ready for the next round of holidays coming up at the end of this week. I was expecting to be away for a few more days this week, however, things get changed around as you know.

Thank you to Miss Jodie and Mrs Lord for filling in while I was away and also to Mrs. Sarah Murphy and Ms. Ellie Ryan for Kathleen. Dean Johnson will continue to replace Darren as G.A. on the holidays as well.

Staffing Changes

I also need to inform our Community of staffing changes from next Term onwards as well. I realise this is close to the end of the term and would preferably like to discuss the following at our P and C meeting, however, it is important you are aware of these changes before the Term concludes.

A review of Small School's additional staff to ensure that two adults are on site during school hours has recently occurred. As a result, Miss Kathleen's time has been reduced. She has therefore opted to take on a position at Manifold Public School to begin from Term 2 to help maintain full time work. Miss Kathleen will continue to be at our school on Mondays- half day and all day Tuesday with the rest of the week at Manifold. The remaining time allocated to us (not a full time Office Manager), will be filled over the remaining days.

I'm sure you will have a lot of questions, but I feel that these would be best discussed Week One at a P and C meeting to be advised. I will also have more information regarding the position to be filled.

Our final assembly for this term is on Friday. Hope you can make it. If not, have a safe and happy holiday. School resumes for all students on Tuesday May 1st.

Upcoming event

The Channon Blues Stomp

Saturday afternoon on the 19th May, Miss Jodie will be taking our students and Whian Whian students to perform at the Channon Hotel. A note will be coming out as soon as the time of the performances are announced.

Festival of The Famous Yr 4/5/6

Later on this week, I will be giving students a little project to think about over the holidays. Most of the work will be done at school, with a fun day on the 14th June at The Channon School as a final event. That day will also have Jump Rope for Heart and Science as well for all students to participate in. More details to come.
