Tuesday August 9 2022

Hi everyone.

Athletics Carnival

Two beautiful weather days for the Athletics Carnival last week.

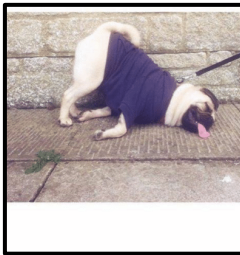

Fantastic to see all students having a go in the events and enjoying themselves.

Congratulations to students who received ribbons.

We won't talk about the teacher-parent race... I think 4th was OK for my team!

"Come on Mrs Bath- Run in the relay! It will be fun. You'll be fine," they said.

Me at the end...

This week:

NO Wednesday breakfast

Tomorrow- August 10

School Photos

Time to sort out the hairdo, shine the shoes, iron the uniform, and practice your best smiles for tomorrows School Photo Day!

As the school photos will be starting from 9 a.m. tomorrow, we will not have our Wednesday breakfast program.

Regards

Mrs Bath

Questioning

Curiosity
Clarity
Showing interest in new things

We use Learning Dispositions every day! Sometimes we don't even realise we are using them. It is important for students to recognise Learning Dispositions, to understand what they are, how and when to use them. There are so many strategies for learning and some of them can be categorised together, and so we have eight which we have decided are really important in our school setting.

The 6th one we are sharing with you today, is **Questioning**. Questioning is about asking the kinds of questions which enhance our learning. We ask ourselves questions to clarify our understanding of something, to reflect on learning activities, to evaluate problem solving, to gain more knowledge during research and to show curiosity.
